BRAINSTORM

come up with three different ideas of themes + interactive features

Idea 1:

Idea:

World Cup National Players

Display different nations of the world cup that play soccer. More specifically either the most recent world cup in 2022, just players that represent each nation the most, highlights of the 2022 world cup, or showing the full national squad of a team from 2022

Interactive JS Feature #1

Clicking on a button allows you to see more about a player

Interactive JS Feature #2

Clicking on a button allows you to change the picture of a player

Interactive JS Feature #3

Clicking on a button allows you to hear a chant for the team or player

Idea 2a:

Soccer Legends

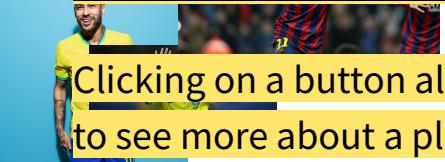

Idea:

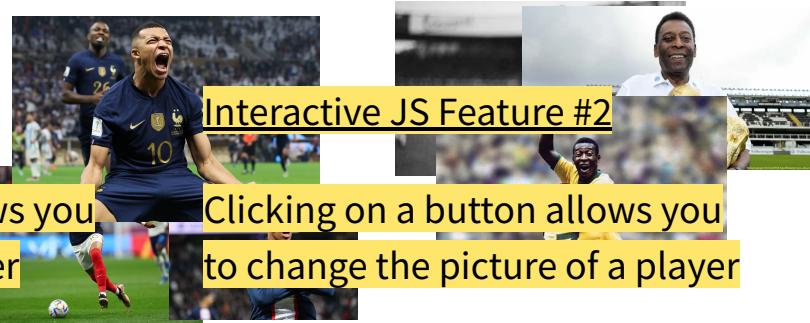

Display different legends. My idea was to show them in their prime, the best versions of themselves.

Interactive JS Feature #1

Clicking on a button allows you to see more about a player

Interactive JS Feature #2

Clicking on a button allows you to change the picture of a player

Interactive JS Feature #3

Clicking on a button allows you to hear a chant for the team or player

Idea 2b:

Soccer Legends

Idea:

Display different soccer legends. My idea was to show them nowadays compared to them in their prime, the best versions of themselves

Interactive JS Feature #1

Clicking on a button allows you to see more about a player or to change the picture of a player

Interactive JS Feature #2

Clicking on a button allows you to go back to the main/initial page

Interactive JS Feature #3

Clicking on a button allows you to hear a chant for the team or player or highlight

Idea 2b:

Soccer Legends

Idea 3: Justice League

Idea:

Display different characters of DC, more specifically the justice league. I want to display their different backstories, their powers, who they are, what they do, etc. The who, what, when, where, why, and how.

Interactive JS Feature #1

Clicking on a button allows you to see more about a character

Interactive JS Feature #2

Clicking on a button allows you to change the picture of a character

Interactive JS Feature #3

Clicking on a button allows you to hear a voiceline

Idea 4: The Flash

Idea:

Display different versions of the flash or different speedsters since it's a deeper understanding of the whole thought of the flash. There's more than one who can run faster than the speed of light and there's a whole multiverse to explore along with the flash point, the paradox, the timeline,

Interactive JS Feature #1

Clicking on a button allows you to see more about a character

Interactive JS Feature #2

Clicking on a button allows you to change the picture of a character

Interactive JS Feature #3

Clicking on a button allows you to hear a flash or voiceline

EVALUATE

think about the good and bad for each idea then choose one

Pros/Cons of Each Idea:

		Pros	Cons
	Idea 1: World Cup	<ul style="list-style-type: none">• Options/Variety• Good colors• Pictures of flags are easy to find	<ul style="list-style-type: none">• Would have to download a bunch of videos for highlights• Probably not much gifs• Would have to crop players
	Idea 2: Soccer Legends	<ul style="list-style-type: none">• Options/Variety• Very unique, good colors• Easy to find sounds• A lot of pics to choose from	<ul style="list-style-type: none">• Would have to download a bunch of videos for highlights• Probably not much gifs• Would have to crop players
	Idea 3: NFL	<ul style="list-style-type: none">• Good variety	<ul style="list-style-type: none">• Good highlights if any
	League	<ul style="list-style-type: none">• Easy information to find• Easy to find gifs• Good colors	<ul style="list-style-type: none">• Most I could give is information• Not many ideas to spark
	Idea 4: The Flash	<ul style="list-style-type: none">• A lot of different speedsters• Extremely unique• 	<ul style="list-style-type: none">• Hard to find voicelines for certain characters• Might be hard to understand• Too many words if background info is provided
